CAMP MEETING.

HEALTH OFFICER GRAVES WILL ACT ON PETITION OF RESIDENTS.

Mayor Lang stated this morning that he had referred the matter of holding a colored camp meeting at Ninth and Bockmon streets to Health Officer Graves. On account of smallpox in the locality the meeting is regarded by some as dangerous.

Preparations have been in progress for some time, and it is to begin today. Health Officer Graves said that he authorized the preparations upon a statement of the men who are arranging for the meeting that the site was not in proximity to infected residences, and that since then other complaints had come in, and he requested the complainants to get up a petition and that it would probably be in today. If the petition justifies it, he will stop the meeting.

Some of the residents, it is understood, threaten to break up the meeting by force if it is permitted.

HOOTS THE SCARE.

RIO JANEIRO SAYS SHE'S NOT EXCITED OVER THE PLAGUE.

Rio Janeiro, July 8.—There is no foundation for the rumor circulated in the United States that a bubonic plague scare exists here. Four cases of the disease have been reported, but all were brought from Oporto. The general sanitary condition of Rio Janeiro is excellent.

GASOLINE EXPLODED.

MILWAUKEE DEPRIVED OF A CONSPICUOUS CITIZEN AND MAY ALSO LOSE AN EXPERT COACHMAN.

Milwaukee, July 8.—In the explosion of a gasoline tank in the cellar of the country house of W. E. Fitzgerald, at Lake Nagawicka, Mr. Fitzgerald was so badly burned that he died today, and his coachman, William Grunwald, is in a dying condition. Mr. Fitzgerald was president of the Milwaukee Dry Dock Company and managing director of the American Shipbuilding Company.

FIGURING ON EXPO FUNDS.

BY LOOKING WAY AHEAD BUFFALO GENERATES COMFORT.

Buffalo, July 8.—The total attendance to date at the Pan-American Exposition is 1,779,868. It is believed that July and August will bring the total to about 5,000,000, and it will remain for September and October to bring the remainder of the 10,000,000, at which the standard guesses have been set. Eight million paid admissions with the revenues from concessions will repay the cost of the exposition.

President McKinley will come to the exposition in September. There will be a president's day in honor of his presence.

PRICHET DYING.

HIS PARENTS PASS THROUGH PADUCAH TO BE AT HIS BEDSIDE.

Constable Grant Rankin Will In All Probability Recover Now.

Mr. Jim Prichet and wife of near Mayfield, the parents of the young man who figured in the Brookport shooting scrape several days ago, passed through the city yesterday en route to Metropolis, where their son who is in jail, is at the point of death. He has no inclination to live and is continually, according to reports, wishing for death. It is hardly probable that he will recover.

Constable Rankin, at Brookport, is steadily improving and stands the best chances of recovering. Mason was not seriously hurt.

NO COUNCIL MEETING.

Mayor Lang stated this morning that there would be no meeting of the city council this evening and unless something of unusual importance comes up, there will be no session until the regular meeting next Monday night.

WATER WORKS EXTENSION.

The water company will in a few days begin an extension of mains on Eighth street, and also in Mechanicsburg. Several hundred feet of mains will be laid. The matter of extending the pipes to Rowlandtown has not been settled.

DEATH'S DOINGS

Mr. John C. Jackson, the Drummer, Expires Suddenly In Louisiana.

CONDUCTOR ENGLERT DEAD

Both Gentlemen Were Members of Paducah Lodge of Elks, and Died of Heart Disease.

OTHER DEATHS IN PADUCAH

The many friends here of Mr. John C. Jackson, the well known drummer for Thompson-Wilson Co., were greatly shocked yesterday morning to learn of his sudden death from heart disease at Lake Charles, La., about sixty miles from New Orleans.

Mr. Jackson had been out on a trip for some time and was due to reach the city this morning for a vacation. He was subject to attacks of heart disease, and it is supposed succumbed to one. The first news of his death came to Thompson-Wilson & Co., and his wife, who boarded at Mrs. Morrow's, at Fifth and Jefferson, was immediately notified.

The deceased was born at Edwards, Miss., and was about 33 years old. He had been in the employ of Thompson-Wilson & Co. for the past ten years, and had the southern territory. He was a good salesman and a popular man. His wife and parents survive him. Mrs. Jackson left this morning at three o'clock for Edwards, where the remains will be taken for burial.

Mr. Jackson was a member of Paducah Lodge No. 217, B. P. O. E., and was one of the best known drummers travelling out of Paducah.

Mr. Jackson's remains will reach Edwards tonight, and the funeral will probably take place some time tomorrow.

Conductor Ben Englert, of the N. C. & St. L., dropped dead at Hollow Rock Junction Saturday night from heart disease. He left on freight train No. 102 about four o'clock Saturday evening, apparently in good health. He fell unconscious near his train and was taken into the caboose by the brakeman, and died in a few moments.

A special train was sent for the remains, which arrived yesterday morning and were taken to his home, 906 South Eleventh street. He leaves a wife, to whom he was married only a few weeks ago. She was formerly Mrs. Lena Langley.

The deceased was born in Kentucky and was 36 years of age. He was quite popular with the railroad men and his death is generally regretted. He was a member of Paducah Lodge No. 217, B. P. O. E., and the funeral took place this morning at eight o'clock from the St. Francis de Sales church, the Elks in attendance, and the interment was at Mt. Carmel.

Mr. Marion Roach, aged 68, of Smithland, Ky., died this morning at the home of Dr. W. H. Sanders in Arcadia, from general atelectasis, and the remains were shipped to Smithland on the packet for burial. The deceased was unmarried and came here to have his eyes treated. He was quite well known here and leaves several relatives in Livingston county. Mrs. Sanders, his niece, and Mrs. Will Hughes went up to attend the funeral.

Mrs. Frankie Bowerman, of Sharpe, Marshall county, died Saturday evening from typhoid fever, aged 36. She leaves a husband, Mr. Thomas Bowerman, and a six year old son. The funeral took place yesterday afternoon, burial at New Hope.

James Cash, aged twenty-one months, died at 1326 Bernheim avenue, and the remains were shipped up the Ohio for burial.

Mr. and Mrs. George Powers, of Sharpe, lost their seven months old daughter from spinal meningitis. The remains were buried yesterday at the Woods graveyard.

The funeral of Fred Wahler, the newsboy of Rowlandtown, took place yesterday morning at 10 o'clock, burial at Oak Grove.

THE TEMPERATURE.

Last night the lowest temperature recorded at Government Observer Bowerman's office was 62, and the morning previous 68. The mercury still goes high in the daytime however, but the coolness at night is very gratifying. The rain was light and it hardly rained at all in other places in Kentucky. In some places in the county also there was virtually no rain, and the farmers are still complaining.

GOOD WORK.

MINISTERS' ASSOCIATION COMMEND RESCUE MISSION AND

Will Assist—Tomorrow the Members Will Enjoy an Outing at Little Cypress.

The Ministerial Association met this morning at the Y. M. C. A. and transacted principally routine business.

The members commended the excellent work being done by Rev. R. W. Chiles, of the Rescue Mission, and appointed a committee to assist in the work, and confer with Rev. Chiles, who for several years has been pastor of the Third street mission. Revs. Briggs, Pinkerton and Perryman are on the committee.

Tomorrow the members of the association will go up on the morning train to Little Cypress, Marshall county, for a day's outing. It will be a ministerial picnic, and they will carry a good dinner along, and expect to spend a pleasant day.

It is rumored that the ministers, who have been discussing the condition of the society of Paducah, will go to Little Cypress to more fully and freely discuss the subject. They make this move, it is reported, to keep reporters from "getting next." It is certain no reporters have been invited.

IN THE POLICE COURT.

George Hughes, colored, was not improved much by a ten months' sojourn at Edinville, where he was sent for hog stealing. He came back a week ago, and this morning was a visitor in Judge Sanders' court, charged with beating his wife Florence and with flourishing a pistol and threatening to kill her. The reluctant woman had seemingly reported since she swore out the warrant, and did not want to communicate to the court any of George's misdeeds this morning. The court was provoked to remark that such people needed a club upon them. He left the case open until tomorrow to investigate Mrs. Florence herself.

The case against "Uncle" James Sherrill, colored, who has lived here since the war, charging him with maliciously assaulting his sister, "Aunt" Phoebe Mayberry while he was full of red wine, was continued. He cut her on the hand and broke a rib, but she was able to be in court this morning, and seemed very anxious to tell what she thought about the case. She is 70 years old.

Mike Bronston, colored, who ran over Mr. C. C. Walker, was fined \$5 and costs. Les Rawlins, John Garner and Allen Walters were fined \$1 and costs and \$5 and costs respectively for having aboard too much liquid refreshments. Walters was a little disorderly with his load, and got the larger fine.

SOLD TO THE CITY.

Mr. E. G. Boone and wife this morning decided to the city for \$200, property in Mechanicsburg on one side of Ashbrook avenue for the extension of a street. The extension will be made as soon as the property can be purchased and the contract let.

Victims Like Dogs

Of all kinds of animals there have never been any so favored by Queen Victoria as the dog. Wherever she stays she is surrounded by her pets and her favorites are always moved from place to place with her. She has unconquerable aversion to cats. She does not care especially for horses or birds, but devotes herself to her canine friends. At Windsor the kennels contain upward of 100 dogs.

CLOSE CALL.

BOY OF THE COUNTY IS ALMOST SUFFOCATED UNDER A HOUSE.

Found Unconscious After An Exhaustive Search By Neighbors.

The six year old son of Mr. Will Aiken of Woodville, narrowly escaped being suffocated to death Friday night. He had gone to the house of a neighbor and did not return when expected. His parents became uneasy and started out in search for the little fellow.

They searched in every conceivable place, but with no success. Several neighbors volunteered to help them and they found the boy under an old house setting close to the ground and overgrown with weeds and other vegetation.

When the boy was dragged out he appeared to be dead but by hard work he was finally revived. He could not explain how he came to crawl into such a place. Had the searching party been five minutes later the little fellow would have been completely suffocated.

HAS RETURNED.

Trainmaster T. A. Banks, of this division of the Illinois Central, arrived in the city this morning from Evansville where he went to see Assistant Superintendent of the Evansville Division H. R. Dill, who has been very ill from typhoid fever. Mr. Dill is much improved and will soon be out again. The illness started from a sunstroke and finally developed into a case of typhoid fever. Mr. Banks went out Saturday on the Good Roads train to Hopkinsville and then took the big Mayfield excursion train to Evansville. The Good Roads train was given a big reception in Hopkinsville.

TO ALL PERSONS HAVING FARMING, TIMBERED, OR MINERAL LANDS, OR WATER POWERS FOR SALE.

The Nashville, Chattanooga & St. Louis Railway proposes to use its best efforts to induce a good class of immigrants to settle in territory contiguous to its lines and to engage the attention of capitalists seeking manufacturing sites or mining property. It therefore solicits the support, the cooperation and the assistance of the people of every county through which its lines pass. The management earnestly requests that all persons who have farms for sale or lease, those who have timbered lands, water powers or mineral lands for sale, will send a brief description of the same to the railroad agent nearest them, giving the price and terms of sale. The prices must correspond with the prices asked of local buyers. The management does not propose to aid in selling land to immigrants at exorbitant or speculative prices.

Large tracts suitable for colonization, at low prices, are especially wanted.

J. B. KILLEBREW, Industrial and Immigration Agent, H. F. SMITH, Traffic Manager, Nashville, Tenn.

Justices Barber and Hook Are Asking to Be County Commissioners.

ELECTION NEXT MONDAY

Today's Session of County Court Was County Judge Emery's First—Business Transacted.

COURT HOUSE NOTES OF INTEREST

County Judge Chas. Emery held his first term of county court today.

The will of the late Magdeline Herly was probated. She bequeathed to her son A. A. Herly \$5 to her daughters, Mrs. Annie B. Seitz, \$1; Mrs. Mary F. Purchase, \$1; Mrs. Helen Everts, \$1, and to her youngest daughter, Miss Eva M. Herly, she bequeathed all the remainder of her personal and real estate, a house and lot at 821 North Eighth street and all the interior furnishings.

The will of the late Judge Tully was also probated. The following are the provisions made in the will: All the property, real and personal, is bequeathed to his wife, Mrs. Loretta Tully, who is made sole heir, and appointed executor.

The following settlements were received and ordered recorded: Chas. Welle, guardian of Morris Griffin, E. Y. Ogilvie, guardian of Steven Ogilvie; Nannie Harrison, executor of estate of J. H. Harrison; Walter J. Purchase, administrator of the estate of Ed Purchase; Mattie McClane, guardian of Hugh McClane; O. L. Thompson, guardian of Ollie O. Thompson; J. W. Howell, administrator of estate of Scott Smith; Emma Thompson, guardian of Ollie O. Thompson; Kate Beyer, executor of estate of Margaret Kurtz; H. F. Lyon, administrator of estate of John Orm.

Mr. A. S. Miller was appointed a constable of the Seventh district in the place of A. F. Miller who was elected and failed to qualify. By petition the former was appointed the constable of that district.

The only question of importance to come up before the fiscal court next Monday will be the election of a county commissioner, whose duty it is to settle with the sheriff, treasurer and in other ways to handle the county's funds. The office was made vacant by the death of County Judge Tully and pays about \$150 a year.

There are but two applicants before the board for the place, Justices R. J. Barber and W. H. Hook. They have both announced and it is probable that the race will be confined to them. Both are popular magistrates and will make each other hostile to get the majority.

The road and other questions having been settled at the April term of court, none of these will come up to consume the time of the court next week. There will be little of interest at the term, and the usual allowance of claims, which usually creates enough excitement for a few days, will take up most of the time of the court.

There are half a dozen or more prisoners in the county jail who want County Judge Emery to try them for petty larceny. The law entitles them to a trial now instead of the September term of circuit court if they want it. The prisoners will be taken out one day this week and given jail sentences if they prove guilty. They are: Henry Level, U. S. Grant, Walter Keys, Daniel Jones and Bole Vaughan.

County Judge Emery will recommend the removal of the two colored boys, Sydney Groer and Harry Sanders, alias "Frog Eye," now confined in the county jail for house-breaking, to the state reform school. The boys have been in jail since the

ROUGH HOUSE

Trouble In the Democratic County Committee Over Chairmanship.

POTTER WON'T VACATE

Says He Has Not Resigned and Will Not—Secretary Eaton and Attorney Taylor Try to Mix.

A LIVELY TIME AT THE MEETING

Chairman Joe Potter, of the Democratic county committee, objects to being deposed, and a lively contest is probable over the chairmanship. A few months ago Mr. Potter announced his candidacy for the council in the first ward, and it was decided by some of the politicians that the chairmanship was thereby vacated.

Mr. Potter did not resign, and when asked about it said he was in no hurry, and nothing further was heard about it until a few days ago, when Secretary Eaton, of the committee, announced a meeting of the committee for this afternoon to elect a new chairman.

Chairman Potter was seen today by a reporter, and stated that he didn't think there would be any election. "They have a chairman now," declared Mr. Potter. "I have never resigned, and the state central committee has never said for me to resign. It was decided some time ago when Mr. Leake was chairman of the Democratic committee, and at the same time a member of the board of Education, that such offices were not offices within the meaning of the law governing such things."

In other words, Mr. Potter thinks that although he is a nominee for the city council, he is entitled to hold the position of chairman of the Democratic county committee, and he seems determined to hold it. He has not resigned, and thinks that the call for the meeting to elect his successor was premature and unauthorized.

This afternoon when the committee met in Secretary Eaton's office there came near being a rough house. There were fourteen members present, not a quorum, and Mr. Potter was addressed as chairman by Mr. R. G. Caldwell, who is a member of the committee and chairman of the city committee, and Secretary Eaton protested that there was no vacancy, and Mr. Potter was no longer chairman. A wrangle ensued and a law passed by the last convention alleged to cover the case was sent for.

Attorney L. K. Taylor attempted to make a speech and was ordered by Secretary Eaton to sit down. This brought on more trouble, and the attorney threatened to crack Secretary Eaton's skull with his crutch, and they came near getting together. Mr. Caldwell separated them, and peace was temporarily restored.

Mr. Taylor claims to be representing a member of the committee who was absent. After the law touching on the point was read, sustaining Chairman Potter, the meeting was adjourned subject to the call of the chairman. Mr. Potter stated that when he called a meeting it would be at the court house and not at a grocery store. That if he wanted to resign he would resign and call a meeting within twenty days.

DIDN'T MATERIALIZE.

Secretary Richardson, of the Good Roads train, was unable to get here Saturday evening, as he expected to do, and the result was that no meeting to hear a good roads address at the Palmer House materialized.

Miss Nell Park, of Nashville, Tenn., is the guest of her aunt, Mrs. R. B. Phillips, at "The Pines."

ROBERT BURNS.

Possessor of Qualities Which Won Admiration of World.

Men cannot get away from Robert Burns, whose birthday was celebrated recently. Even those who care little for him, or know little of him as a poet, still feel drawn to the man, for they have heard enough of him to make them realize that he possessed those qualities which always have won the regard and affection of the world.

As a poet, Burns was in many particulars the first of the moderns. He took the democratic view of life and art which is now so widely prevalent. Common life, common people, common incidents were sufficient for him, and they were never beneath his dignity.

To him life was the main thing, no matter by whom, or in what circumstances lived. More than this, he had the democratic way of looking at the world. Many men have dealt with themes similar to those handled by Burns, and yet they have left the impression that they were not quite earnest or sincere—that their democracy was a good deal of a pose. But in the case of Burns, the thing was natural. He thought and felt in terms of democracy. And he has been accepted on his own terms. Both as man and artist he holds the love and admiration of the world. It is well that it should be so, for Burns was a genuine man, and he did a great and helpful work.—Indianapolis News.

LOSES HIS FEET

Mark Chandler Run Over By a Train at Cumberland River Bridge Last Night.

SUPT. DILL IMPROVING

Yesterday Was a Busy Day On the Illinois Central—Roadmaster Downs Goes Through.

PERSONAL MENTION OF OFFICIALS

Mark Chandler, white, aged 20 years, residing near Cumberland river bridge, attempted to board freight No. 131 in charge of Conductor Tierney and Engineer Mercer, at Cumberland river bridge, about 7 o'clock last night, and fell under the wheels. Both of his feet were mangled and it is thought amputation will be necessary. The injured man was taken to Eddyville for treatment.

Chief Clerk Chas. Morris, of the master mechanic's office, is in Jackson, Tenn., taking a two weeks' vacation. He has been in bad health for the past several days and will visit some springs in the vicinity of Jackson during his stay. Mr. Bell Given is acting chief clerk.

Mr. Harry Meyers, the jeweler, leaves today for the regular quarterly inspection of watches for the Illinois Central. Friday he will go over the St. Louis division.

The double track of the Illinois Central between Fulton and Cairo will be completed some time next month. The work is being pushed as rapidly as possible. However, hands and teams are very scarce, which naturally retards the more rapid progress that would otherwise be made.

It is rumored that the Illinois Central will come into possession of the Minneapolis and St. Louis road on July 15.

Mr. J. F. Browinski, of Jopka, Ill., of the C and E. I., was in the city yesterday and returned this morning on the Fowler.

Roadmaster of the Mississippi division of the L. C. L. A. Downs passed through the city yesterday enroute to Louisville. This is his first trip through this part of the territory since his transfer south.

Road Master P. Galvin, of the Louisville division of the Illinois Central, was in the city yesterday. He returned to Louisville last night.

Supt. H. U. Wallace, of the Louisville division, was in the city yesterday. He left on the Evansville excursion train to Evansville and from there to Louisville.

There was a small wreck at Trimble, Tenn., Saturday night, but no one was injured and little damage done to the train and engines. South bound freight No. 191 in charge of Conductor Russell and Engineer Hollinsworth and a north bound extra coming into this city with the engine in charge of Avery Young and no conductor met at the above mentioned place and two cars of wheat were turned over and badly damaged. The engines were damaged some but the accident did not amount to much. Train No. 4 was run over the L. and N. railroad via Martin and arrived in this city a little later than the regular schedule time but otherwise than this one case no delays were occasioned by the accident.

Ticket Agent G. C. Sheppard, of the Illinois Central here is again on duty and his vaccinated arm is much better. Mr. O. R. Tonsey, who has been acting ticket agent in Mr. Sheppard's absence is still on duty however and will not leave until Mr. Sheppard regains the use of his arm.

Master Car Builder Sessions returned from Chicago this morning.

The following committee has been appointed to arrange for the annual picnic of the local employees of the Illinois Central: Councilman George Bondurant, planning mill department; A. T. Dustin, boiler shops; Edward Wheeler, tin shop; James Martin, paint shop; William Theobald, one freight department; Richard Gohagen, another freight department; Barney Cleary, blacksmith department, and M. M. Hewitt, of the master mechanic's office.

The committee will hold a meeting this evening after working hours to begin the plan of arrangements. Last year the picnic was a success in every way and the railway employees intend to make this still better. The time will be arranged and also the place for holding the picnic. The Sun has been tipped that the place will be Kuttawa, where the picnic was held last year, as it is about as good as any place near this city. There will be no outsiders allowed to attend as was allowed last year and only the employees of the Illinois Central will be permitted to go. Last year there were as many outsiders as railroad men and this will not be allowed again. The picnic will be given to the railroad employees and no one else will not be allowed to go on the excursion train. A brass band and string band will be taken along and the outing will be the biggest ever held in this part of the country.

Ballro'd Up Mountain Side.

It is contemplated to construct a railroad similar to the Jungfrau line to the summit of Mont Blanc. M. Valot, the director of the Mont Blanc observatory, and M. Doperet, professor of mineralogy at the Lyons university, in conjunction with M. Fabre, a French engineer, have been engaged for some time past in surveying the sides of the mountain to ascertain a suitable route and the atmospheric conditions. The result of these investigations is the projection of a line probably starting from the village of Hanches, on the Savoy side, to the summit, to have a total length of eleven miles.

The silk plush out of which hats are made comes almost exclusively from France, all attempts to produce it in the United States have ended in failure. Nine-tenths of the felt hats worn in America are made from the fur of the rabbit and hare.
